

360° SERVICE The Ausco Modular Toilet/Shower Bundle

The Gold Ausco Modular Toilet/Shower Bundle creates a fully self-contained toilet or ablution unit, so that a site can supply its own water and contain its own effluent.

Recommended for: Remote locations, sites with costly municipality services, or sites without services.

Gold Ausco Modular Toilet/Shower Bundle

Save time and money by not having to connect into municipality services and pay for plumbing fees.

Inclusions:

- > Classic inclusions plus:
- > 1x Water tank
- > 1 x Pump

Eco Friendly Add-on

This add-on uses less water, less energy, less waste and provides better hygiene for employees.
