

Coverflex

> Ausco Modular's covered walkway solution

Coverflex is Ausco Modular's covered walkway product, the perfect solution to providing instant protection outside and in between your buildings on site. Ideal for construction sites, Coverflex replaces the need for custom-built decking.

Speed

We know time is money. Coverflex modules can be delivered to site the same time as your buildings.

Safety

Non-slip floor covering dramatically increases grip, reducing the risk of injury and enforces your company's WH&S standards. Your team can move throughout the site without adverse weather affects, reducing downtime and increasing productivity.

Economical

Pre-built modules are more cost effective on short-term projects and results in less waste on your site.

Flexibility

Via a novel roof design, modules can be arranged in a number of ways giving ultimate flexibility for your site requirements.

Relocatable

Coverflex modules can move with your buildings.
