360° Solutions

When you are looking for a fast, flexible, quality building solution for any application, Ausco can provide everything you need, so that you can use the space as soon as you walk in.

When you require additional space, you'll often need all the fixtures and fittings to go into that space too. That's why Ausco offer complete turnkey solutions for every building, from storage, furniture hire, access steps, and white goods, to power generation, covered walkways, facility management and more. Whatever you need, Ausco is here to help.

We call these smart space solutions our 360° Solutions.

Eco Upgrade

To help construction companies meet RCLG requirements, we have developed a simple and cost-effective solution – the Ausco ECO upgrade option.

The Ausco ECO upgrade can be applied to existing and new modular building fleet and is available throughout Australia.

Specifications

- > LED lighting with motion sensors
- > Low VOC paint, adhesives and sealants
- > Insulation
- > Window blinds
- > Door closers
- > Water saving taps
- > Water efficient shower heads
- > Weather seals
- > Dual flush toilets

**RCLG Compliant
and earns credit for ISC**

Reduce Costs, Improve Efficiency

Our ECO upgrade options allow you to choose your level of compliance based on site and project requirements.

- ☑ Save energy, reduce heating and cooling bills
- ☑ Reduce indoor pollution, protecting the health of your staff
- ☑ Identify and eliminate energy wastage
- ☑ Improve environmental performance

Eco Upgrade Inclusions

ECO UPGRADE INCLUSION

	Insulation in walls
	Insulation in ceilings
	Low VOC paints
	Low VOC adhesives & sealants
	Low VOC Carpets
	LED Lighting
	Effective lighting control
	Chain of custody
	Door closers
	Weather seals
	Blinds or tints
	Air conditioning
	Deconstruction plan
	Push button taps with aerators
	Dual flush & shower heads

Furnished Buildings for Hire

Our 360° Solutions support you throughout the process of selecting, furnishing, installing, servicing and removing your temporary office or building.

Simply select the furnished building kit and any additional furniture for hire that best suit your needs.

Let us be your temporary building specialist so you can focus on what you do best.

Our hire buildings are manufactured to meet the relevant Australian Standards and comply with the structural requirements of the National Construction Code at the time they are manufactured. By selecting an Ausco building, you can have confidence it is built for the environment in which it will function.

Furnished Office Buildings

Our Office Kits will get your temporary workspaces up and running with minimal fuss. With standard building sizes, furniture kits, included air-conditioning, just let us know how many people to accommodate and we can do the rest with plenty of add-ons to make the space truly yours.

Standard Office Sizes

- > 3.6m x 3.0m - 1 person
- > 4.8m x 3.0m - 2 people
- > 6.0m x 3.0m - 3 people
- > 12.0m x 3.0m - 4-5 people
- > 12.0m x 6.0m - 15 people

Office Kit Inclusions

- > Desk - 1 per person
- > Pedestal Drawer - 1 per person
- > Clerical Chair - 1 per person
- > Visitor Chair - 1 per person
- > Reverse Cycle AC - quantity per building size

Undersink Instant Hot Water

Simple hireable solutions for hot water in your crib rooms, kitchens or first aid rooms.

German engineered, this slim line hot water system sits snugly under the counter top to provide instantaneous hot water. Designed for a single use sink, it saves energy and water and, with less pipe work, is quick and simple to install.

Top Benefits

- > Easily installed under sink to maximise bench space
- > Thermal management for safe maximum temperature
- > Smart insulated design to prevent energy loss
- > Only compatible with open vent tapware to act as relief valve
- > Ideal for clean up*
- > AS/NZS 3400.4 Certified/ Safe Work Compliant

Specifications

- > Height 503mm
- > Width 295mm
- > Depth 275mm
- > Weight 15kg (full)
- > Rated output (240V) 2kW
- > Rated current (240V) 10Amp
- > Temperature Up to 85°C
- > Eco setting 60°C
- > Tank capacity 10 Litres

* Not compliant for hand washing sinks.

Power

Our power solutions are designed to keep your site running in all conditions. Whether you're looking for energy generation, battery storage or even solar setups, we've got you sorted.

Generators

Our experienced team will work with you to supply the best generator for your site's requirements and deliver it to site along with the building, furniture and other services.

Let us be your temporary building specialist so you can focus on what you do best.

Specifications

- > 5kVA to 1,250kVA
- > Battery storage systems from 30kVA to 1MW
- > Fuel efficient small canopy generators
- > Large containerised diesel-powered generators
- > Natural eco-friendly, gas-powered generators
- > Low-maintenance, quiet units for low-noise
- > Hybrid Options available

Check out more of our product range at ausco.com.au 

Solar Panels

Top Benefits

- ☑ Achieve site sustainability targets
- ☑ No large capital outlay
- ☑ Installation managed by Ausco
- ☑ Hireable solution with monitoring capability
- ☑ Part of a total power solution with options for batteries, hybrid generators or grid connection

Inclusions

- > Project management of transportation
- > Monitoring systems
- > Grid connection approvals (if required)
- > Off-grid solutions
- > Roof and ground mounting options

Achieve your site's sustainability targets with Ausco's new solar panels. Once the project is finished, simply off-hire the panels!

Check out more of our product range at ausco.com.au 

Water & Waste

Ausco provides a comprehensive range of water storage and waste management solutions to keep your site functioning with or without access to utilities.

Water bubbler

Top Benefits

- ✔ Supplied with buildings
- ✔ Fountain and bottle filler available on each unit
- ✔ Clean, safe drinking water on site
- ✔ Standard power and water connection
- ✔ Comes with manufacturer's warranty

Options

- > Hire or buy
- > Options for small, medium and large sites
- > Choose between stainless steel and impact resistant material for the site
- > Qualified trade installation options with Ausco

Ausco's new bubblers are just one more way that we are working to get your site running. Keep your crew happy and hydrated!

Check out more of our product range at ausco.com.au 

PortaLoo

We offer two portable toilet options to ensure your team have functional amenities which perfectly integrate into your site.

Chemical Toilet

Our fully self-contained standalone (chemical toilet) option is great for sites where sewerage connections are not available, offered with servicing and pump out solutions for the hire period to ensure your facilities are maintained to the highest standard.

Specifications

Dimensions: 1120 W x 1180 D x 2350 H

Waste Tank Capacity: 400L

Fresh Water Tank Capacity: 105L

High Rise Toilet

Our sewer connected option (High rise toilet) is an innovative option and the ultimate solution designed to provide unparalleled convenience, especially for those who have direct sewer connections or septic systems.

Specifications

Dimensions: 1120 W x 1180 D x 2250 H

Waste Tank Capacity: 400L

Fresh Water Tank Capacity: 105L

Check out more of our product range at ausco.com.au

Waste Storage

Conveniently tucked under the buildings, our waste tanks contain your footprint without taking additional space onsite.

Top Benefits

- > Available in 4000 or 6000 litres.
- > Delivered and installed with the building, it is a simple way to manage your liquid waste.

Optional

- > We also offer weekly and fortnightly pump out services in select locations
- > Flexibility around your site's schedule to ensure no disruption.

High Level Alarm

The high level alarm system is designed to provide warning indication when waste storage (effluent, grey water etc) tank is either empty or full.

Top Benefits

- > Safe
- > Reliable
- > Audio/Visual Alerts
- > UV Protection
- > Water supply cut off switch

Check out more of our product range at ausco.com.au

Water Tank

Check out our range of potable and non-potable water storage to help keep your site clean and functional throughout the project duration.

Potable Water Tank

- > Fresh drinking water storage available as a sale item
- > We supply and deliver to site, and assist you to arrange after sale services
- > Water tanks' sizes available on request

Non-Potable Water Tank

- > Non-potable water storage for hire to operate your amenities
- > 2500L to 5000L tanks available
- > Delivered on a skid
- > Complete with pump
- > Combine with an Eco Upgrade for maximum benefit

Ausco's water tanks are flexible and available in multiple sizes to suit your potable and non potable storage needs. Perfect for projects where sustainability is an important initiative.

Site Safety

Safety and Security are paramount at Ausco. We have many options to keep your team and your site in a good condition, day and night, ranging from our Coverflex covered walkway solutions all the way to site safety cameras that provide a 24/7 security presence for peace of mind.

Building Renter Protection (BRP)

With changing weather conditions and pressure on insurance premiums, our Building Renter Protection is a simple, effective way to ensure your project stays on track.

BRP Benefits

- ✓ Low excess compared to building replacement/insurance excess
- ✓ Peace of mind for incidents outside of your control
- ✓ Saves time requesting a certificate of currency
- ✓ Saves money as you are only paying during the hire period
- ✓ Avoid insurance claims: all BRP claims are managed in house
- ✓ No application process as all customers qualify
- ✓ More coverage including vandalism and glass
- ✓ Premiums will not rise with claims
- ✓ Suits volatile weather patterns

Inclusions

Buildings

- > Vandalism
- > Graffiti
- > Fire
- > Hail/Storm
- > Flooding
- > Cyclone/Tornado
- > Earthquake
- > Theft (incl forced entry & attempted forced entry)

Ancillaries

- > Fire
- > Hail/Storm
- > Flooding
- > Cyclone/Tornado
- > Earthquake

Exclusions

Buildings & Ancillaries

- > Misuse
- > Abuse
- > Excessive Wear & Tear
- > Abandonment
- > Wilful Misconduct
- > Personal Property/Contents
- > Theft or vandalism to ancillaries
- > Collision damage during transport/relocation

Check out more of our product range at ausco.com.au | Q

Steps & Landings

In most applications, steps and landings will be required to allow for easy access in and out of your modular building.

Our steps and landings are available in standard and custom sizes to suit a wide range of site applications and requirements.

Simply get in contact with us and our team will be able to advise the most appropriate, safe and efficient solution to access your modular buildings.

Single FRP Step

Top Benefits

- ☑ Easily installed.
- ☑ Adjustable to site conditions.
- ☑ Maintenance free.
- ⊗ NO more crates as a step.
- ⊗ NO more mud in the site buildings.

* Please note steps and landings may vary from region to region.

Check out more of our product range at ausco.com.au 

SealSafe

Safe, seamless system for weatherproofing modular buildings

SealSafe™ uses a patented 'track and sail' system to weatherproof joined modular buildings without the need for working at height.

The 'sail' is simply threaded through the track system and 'pulled' through the tracks, creating a water tight, weather resistant membrane that exhibits the same characteristics of traditional roofing.

Top Benefits

Safer

- > Eliminates accessing the roof to install buildings
- > No elevated work platforms
- > Significantly fewer health and safety compliance obligations

Faster

- > Installation time significantly reduced
- > Less permits and site inductions
- > Less overall time on your site

Check out more of our product range at ausco.com.au | Q

Coverflex

Covered Modular Walkways

Coverflex modular covered walkways are the perfect solution to providing instant protection outside and in between your buildings on site. Ideal for construction sites and a great alternative to custom-built decking and landings.

Watch the virtual walkthrough

Speed

Coverflex modules can be delivered to site the same time as your buildings.

Safety

Non-slip covering increases grip, reducing the risk of injury.

Economical

Pre-built modules are cost effective on short-term projects and result in less waste on site.

Flexibility

Modules can be arranged in a number of ways giving flexibility for your site requirements.

Relocatable

Coverflex modules can move with your buildings, wherever you need.

Check out more of our product range at ausco.com.au

Dangerous Goods Container

If you are an OHS or Project Manager in a Construction company, then Ausco's 10-Foot DG Containers will provide you safe and compliant storage for your Dangerous and Hazardous goods on your site.

Top Benefits

- ✓ Comply with AS1940-2017 & Work Safe.
- ✓ Compact to reduce site footprint.
- ✓ Removable floor for easy cleaning.
- ✓ Built-in shelving for chemical storage.
- ⊗ No need for multiple suppliers.

Key Features

- > 10-foot steel container.
- > Compliant with AS1940-2017 & Work Safe regulations.
- > Forklift pockets for safe movement on the site.
- > Internal mesh shelving for chemical storage.
- > Removable floor for easy cleaning in the case of a spill.
- > Lockable, watertight and ventilated.
- > Transportable by tilt tray truck.

Check out more of our product range at ausco.com.au | 

Site Safety Cameras

Keep your site safe with our range of solar powered, off grid security camera solutions. Featuring high quality 4K recording, motion detection and app connectivity, you can keep an area secure even when nobody is on-site.

Top Benefits

- ✓ 24/7 monitoring of your site with cameras for every application.
- ✓ Hireable for the length of the project.
- ✓ Power by solar panels and no need for Internet connection.
- ✓ App-based monitoring system with push notifications.
- ✓ Get all your site requirements with one supplier, Ausco.

Key Features

- > Self managing cameras with solar panels, wireless 4G connectivity and turrets.
- > High quality 4K super HD camera.
- > Motion detection for app notifications and flood or strobe lighting onsite.
- > Time lapse feature, live viewing and infrared for night time.
- > App-based monitoring with playback.
- > Multiple camera options for total site coverage.

Temporary Fencing

Our temporary fencing solutions take the hassle out of your site setup, delivered with your buildings to ensure immediate safety and security no matter where you're located.

Get in touch with a member of our team to discuss how our temporary fencing solutions can help your project!

We have a number of accessories available, including bracing, stays and hand rails to ensure that your fencing matches your site needs

Check out more of our product range at ausco.com.au | Q

Facility, Planning, Construction

As modular specialists, we ensure your building is safely installed and ready for use no matter the site conditions. With decades of experience installing buildings in all manner of locations, topography and environments, we have the skills and experience to get the job done.

Building Tie Downs

Wind speed and pressure can put your building and team at risk.

To ensure your building is safely secured to the ground, we offer a range of engineered cyclonic tie downs from 1.6 to 3 Tonne, ideal for when you cannot penetrate the ground.

Check your wind region to identify whether security is needed for your buildings.

Don't get caught out! Add cyclonic blocks to your site for peace of mind in all weather situations.

Check out more of our product range at ausco.com.au | Q

Facility Management

We offer a range of facility management services to keep your buildings clean and functional. Whether you require commercial cleaning of your buildings, inspections (test & tag) of electrical equipment or fire system servicing to ensure regulatory compliance, Ausco has you covered.

Commercial Cleaning

- > Regular & Periodical Cleaning of your buildings, maintaining cleanliness and longevity.
- > Management of building waste including emptying bins and proper disposal.
- > Auditing of your building's conditions to provide you with information on the state of your site.

Test & Tag

- > Inspections of your electrical equipment to ensure they are safe and serviceable.
- > Scheduled inspections to work around your site or project requirements.

Fire System Servicing

- > Inspection and testing of extinguishers, smoke detectors, emergency lighting and other fire safety equipment.
- > Comprehensive service to ensure your fire protection equipment is functional and compliant with fire safety legislation.

Effortless delivery & installation

One supplier

One accountability, singular touchpoint.

Knowledge

Ausco's knowledge of the buildings and a team working together (fast, flexible, reliable). We have been doing it for 60 years.

Coordination

We manage the whole process including design and layout, trucks, cranes, subcontractors, and safety requirements = seamless project lifecycle delivery.

Avoid damages

If Ausco manages the work then customers don't get charged for any damages from subcontractors. The risk is ours.

Visible

We are with you. You will have the same construction supervisor from pre-planning to onsite.

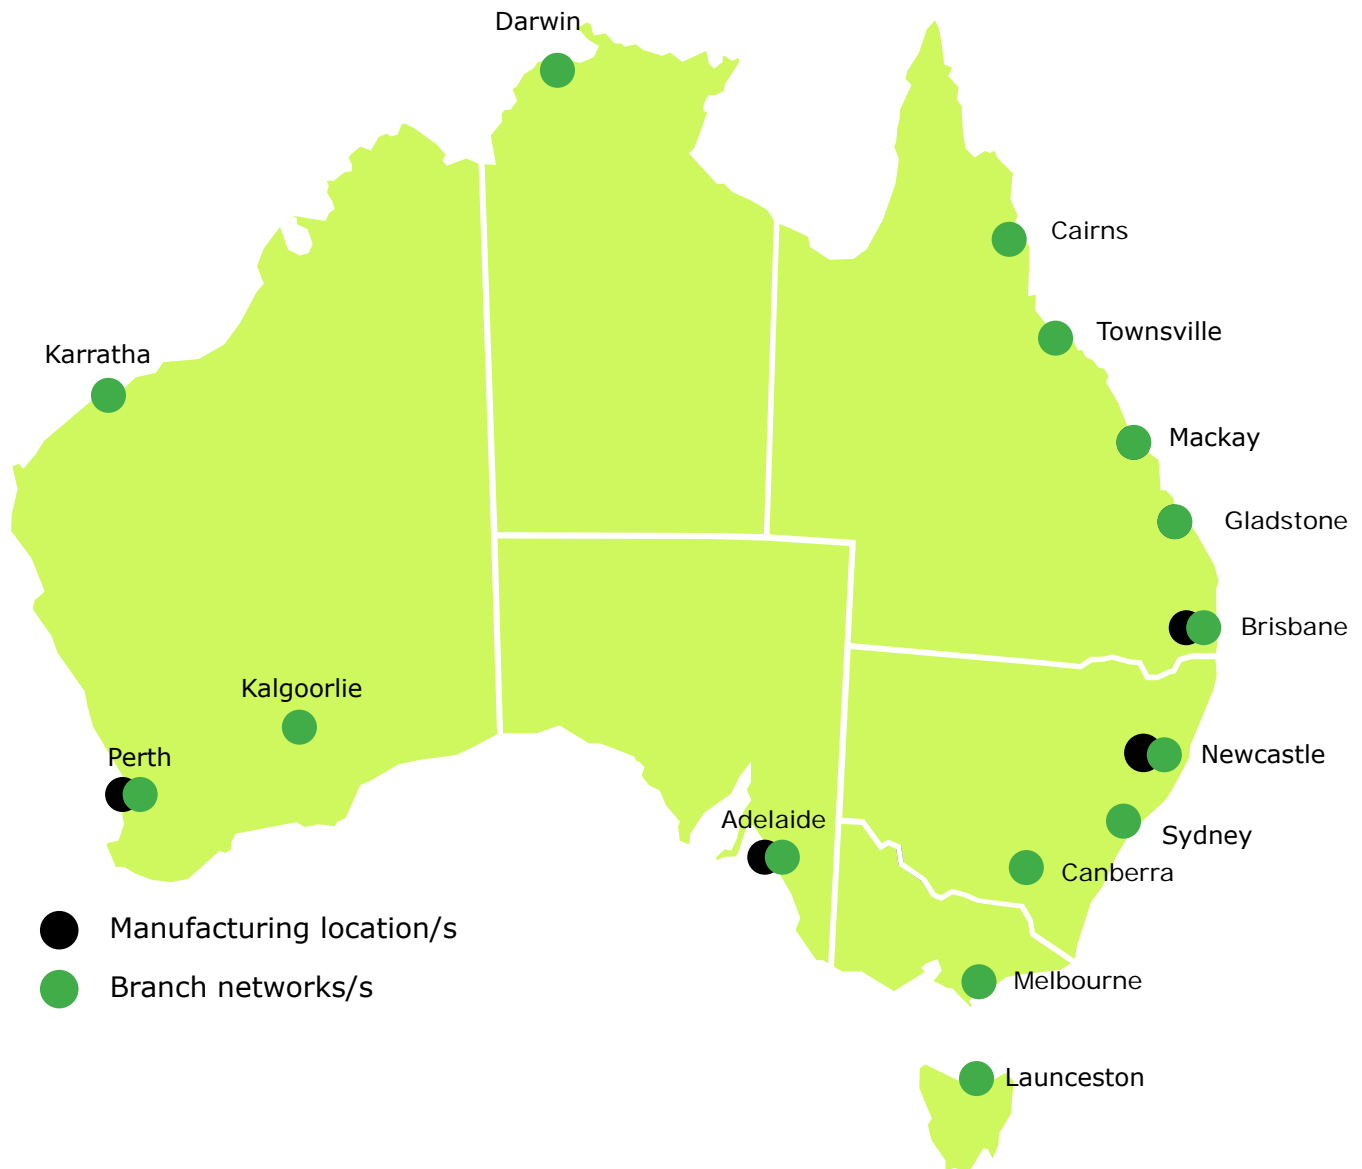

Premium service

When we are finished set up, you walk in to start the job.

Call 13 62 11 to be connected to your nearest 360° Solutions specialist.

Visit our website ausco.com.au to learn more about our smart space solutions.

Ausco Modular is committed to providing modular building solutions without doing so at the expense of our environment, society, team or the communities in which we work.

Our Sustainability and Environment, Social and Governance (ESG) aims link into our values as a company and focus on responsible development through a circular economy.
