# LSR 8

Only operate equipment you are trained & authorised to operate.

## RISK

Operating equipment that you are unfamiliar with or not licenced to operate could pose a significant risk to yourself & others.

## WHERE THIS RISK MAY APPLY TO YOU:

- > Using machinery, tools and vehicles for purposes outside their intended use and OEM instructions;
- > Operating unsafe equipment;
- > Disregarding Ausco Modular standards relating to operation of equipment, seatbelts, speed limits, phone use, impairment, traffic rules, load limits etc.

## PERSONAL BEHAVIOURS

- > I can follow Ausco Modular procedures and OEM instructions.
- > I can choose to only operate equipment I am authorised to operate.
- > I can inspect equipment I use to make sure is safe, and if not, I can tag it out of service.
- > I can stay alert when in and around equipment.
- > I can avoid distractions while operating equipment – do not use mobile phones.
